

# The Raymond Leader.

VOL. 10.

RAYMOND, ALBERTA, THURSDAY, JULY 13, 1912.

No 28

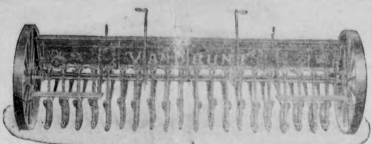

R. P. Roblin, One of the speakers at the Dry-Farming Congress.

## RAYMOND "PUTS IT OVER" CARDSTON

The local baseball team defeated the Cardston brigade on their own grounds yesterday, to the tune of 17-8. "Cutie," Cardston's imported pitcher, was batted out of the box in the 7th innings and Karringcross took the box for the last two innings and was swatted worse than Fulmer. Don Skouson made a home run and old "Ironhorse" Ray Powell made 5 runs, while the other players kept the ball rolling from the first.

Some of the boys returned after the game in the Card car, while the remainder returned by rail.

This Van Brunt Drill was donated by the John Deere Plow Co. of Moline, Illinois, and will be given for the best sheaf of flax grown under dry-farming conditions and exhibited at the Dry-Farming Congress, October 19th to 26th next, to be delivered to the winner at the nearest point in the United States or Canada.

## Big Increase in Consumption of Pulpwood.

The quantity of pulpwood manufactured in Canada in 1911 showed an increase of 73,801 cords (or 12.3 per cent) over 1910. In 1911, 672,288 cords were manufactured as compared with 598,487 cords in the previous year. The value of the wood also increased, with the result that the 1911 product brought to its vendors \$4,338,024, as compared with \$3,585,154 for 1910, an increase of \$752,870. The value of the wood (\$6.45 per cord) was greater than it had been for years.

Of the total amount, Quebec consumed in its 28 mills, 58 per cent. Ontario used nearly one-third of the total consumption; this province has the highest consumption per mill of 12,450 ccs. N. New Brunswick mills were hampered by low water during the year. The pulpwood in these four mills was 45,824—over twice as much as in the depression of the previous year. Nova Scotia, where only mechanical process of pulp-making is used, in its seven mills consumed 22,221 cords of pulpwood. In British Columbia, pulpwood manufacture was still in the experimental stage.

Quebec used four species of wood for pulp, namely, spruce, balsam fir (or balsam), hemlock and poplar. Ontario and Nova Scotia employed spruce, balsam fir and poplar, while New Brunswick used spruce and balsam fir only.

## THE CANADIAN HIGHWAY.

A book which is somewhat different has just reached the office. This is a publication issued by the Canadian Highway Association and deals in an interesting way with the work accomplished by that body since its organization on Nov. 3 and 4, 1911.

It contains an interesting mass of valuable information concerning roads and road conditions in different parts of Canada, but more particularly British Columbia. The book is splendidly illustrated with photographs of road scenes and of scenes at the planting of the first post on the west coast of Vancouver Island. Photographs of President W. J. Kerr and his fellow officers add a personal touch to the work.

The mission of "The Canadian Highway" is to educate the public to the advantages of good roads, and anyone interested in this work may obtain a copy by addressing Secretary P. W. Luce, New Westminster, B. C.

## CITY FATHERS ARE KEPT BUSY

Another special meeting of the Town Council was held on Monday evening, July 9th, when a large amount of business was transacted. Those present were Mayor Evans and Councillors Rolston, Hicks, O'Brien, Allen, Powelson and Hawkins, and the marshal, secretary, and T. O. King, chairman of the school board.

Careful consideration was given the school estimates, Chairman King outlining the program of the board in the question of debtors accounts. They had allowed for this amount in the estimates, as they desired to become even with the board if possible.

After some discussion it was unanimously decided that it was impossible to comply with this request at present but would give it a hearing next season. It was moved by Com. Powelson and seconded by Com. Hawkins that the estimates of the board be reduced to approximately \$1500, this amount being due on the February and June debentures.

Secretary Wade was called upon to relate his dealings with the Holt and Smith pool hall regarding the payment of the license, which he did, after which it was found that the proprietors had given postdated checks for their license, which he was holding until the matter could be settled by the Council.

After some discussion it was suggested by Com. Hawkins that they be accorded the privilege of giving postdated checks until the close of the year, when both the pool halls should be forced to pay their yearly license or close their doors.

Com. Braden, composed small bills, although the Council should exercise discretion in the matter.

Com. Allen was opposed to both of the others and voted strongly against the motion and suggested staying with the present license until they were compelled to yield by law, if such were possible.

A motion was put and a division taken as follows: Ayes, Powelson and Hawkins; nays, Allen, Hicks, O'Brien and Rolston. The subject of buildings within the fire limits was next discussed. Com. Hicks brought up the question by referring to the report of Mr. O. H. Snow in his building fireproof on the sides that were exposed and on the main building and roof. There was the north side, however, that he thought he should not be asked to cover with sheet metal or some other fireproof material.

It was moved and seconded that Mr. Snow's request be granted. It was 10th by Com. Allen that the laws regarding the fire limit should be rigidly enforced. Com. Rolston said that this was a hard thing to do, because, as a general rule, the public had no respect for their order. Councillors Allen and O'Brien maintained that the orders of the Council should be enforced.

The question of street crossings was discussed next, with the result that a motion was passed to use lumber crossings in the proposed side-alley construction. This would be a saving of several thousand dollars, as the plans now forming the walk on Broadway may be used for this purpose. The secretary was instructed to inform Mr. Adams, engineer of Lethbridge, that the Council had decided to employ him to superintend the side-alley construction and that they request of him to begin work on the profiles and specifications.

The water rates question was then discussed, and after some consideration, a schedule of rates was drawn up, which will be attached to the by-law.

The pay roll for the month of June amounting to some \$60, was presented and allowed, after which the meeting was adjourned.

A large assortment of Men's Straw, Felt and Linen Hats at half price—at The Merc.

Messrs. Geo. Brewerton, Arthur Kirkham, Delsel Selman and Miss Mamie Witbeck were Cardston visitors last week.

Mrs. Eleanor L. Burns, Secretary of the International Congress of Farm Women.

## BIG EXCURSION TO CARDSTON

"Out to Cardston" is the song the dry-farming aggregation will sing for the next week, preparatory to a grand "Get Together" excursion to that enterprising town on Wednesday, July 14th.

The Local Board of Control of the Dry-Farming Congress announces the completion of arrangements for a special train of three coaches, to leave Lethbridge at 12:15 in the afternoon. It is hoped to have a party of 100 or more, including the Kilties band of 14 pieces.

Twenty-five minute stops will be made at Stirling, Raymond and Magrath, and at each place there will be a general greeting and the extension of personal invitations to the townspeople to attend the Congress and Exposition next October.

The train will arrive at Raymond at 2:20 p. m. Brief remarks of a congratulatory nature will be made at each stop by eloquent speakers selected from the executives of the Congress, including Chairman Fred W. Downer, Vice-Chairman E. A. Cunningham, Secretary John T. Burns, Mayor Geo. M. Hatch, Chairman J. W. McNicol, of the Exposition Committee, Prof. W. H. Fairfield and others, and the mayors and presidents of the boards of trade of the several towns will make responses.

Arriving at Cardston about 5 o'clock, the excursionists will be escorted to the new athletic park, where a fine program of games and sports arranged for the afternoon will be witnessed. Following the games there will be a parade of the visitors up town, escorted by the local band, the Kilties and the citizens of Cardston, and a banquet will be served under the auspices of the Board of Trade. Dr. E. N. Barker, the president, and Secretary J. Y. Card having charge of the arrangements.

The post prandial exercises will be brief, and an hour will be devoted to a farmers' meeting, to be addressed by Messrs. Burns, Fairfield and McNicol in the interest of a large representation at the Congress and a big district display.

It is possible that there will be a fireworks display arranged to follow the meeting.

The excursionists will leave for the return at 9:30 p. m., arriving in Lethbridge at midnight.

## Local News Items

The Hub Co. is sporting a new delivery rig this week.

See F. L. Harris' special offer of B. C. fruit lands on another page.

Mrs. Dr. F. A. Kellor left on Tuesday morning for Wallaceburg, Ontario, where she will visit with her relatives for a few months.

A purse of \$85 was given by the Dominion Day celebration committee to add to the Raymond fund for the help of the Regina sufferers.

The Cardston baseball team put it over Warner last week to the tune of 6-3. This puts Cardston nearer the front, and it looks as if there was going to be something doing when these two teams meet again on the 24th at Warner.

Miss Hennie Love has recently been appointed as manager of the local telephone system. Her appointment to this position has been due largely to the fact that she has always been pleasant and courteous in her work at the switch board. Miss Mamie Witbeck will continue as Miss Love's assistant during the day, while Miss Fulmer will attend to the office at night. The interior of the office is to be remodelled throughout.

Mr. W. C. Stone, who was selling confectionery, etc. at the Park on Wednesday last, was compelled to leave his goods there over night, not having time to remove them on Wednesday evening, and some time during the night or early morning, some one managed to break in and escape with a quantity of the goods. It is believed that plunderers were small boys, and if it can be discovered who they were it can be made rather unpleasant for them.

The banquet which was given by the I. O. F. at the hotel on Friday night for Mr. A. F. McDuffee was a thorough success in every way. About twenty-five members of the lodge sat down to a delicious feast that had been prepared for them.

During this time, toasts were made to "Our King," "Our Country" and "Our City," which brought responses from quite a number, all expressing themselves as being perfectly contented with Canada and spoke of the rapid strides which Raymond had made during its ten short years of existence, and looked forward to better things in the future for Raymond.

## TO EUROPE BY RAILROAD.

Several years ago a plan to tunnel under Bering Strait and connect the railway systems of North America and Siberia aroused much interest. At the time nothing came of the plan. Now, according to the "Electrical World," it has been revived in earnest, with the result that it may some day be possible to travel by train all the way from New York to the capitals of Europe. Both in Alaska and Siberia long lines of railway will have to be built to connect with the tunnel entrances. The tunnel itself will have to be forty miles long. The promoters propose to sink shafts from islands in the middle of Bering Strait, so that they can begin work at several points at the same time. These shafts would ultimately serve to ventilate the tunnel.—Ex.

## Southern Alberta's Big Exhibition

The Lethbridge Exposition grounds are extremely busy place at present, a large number of men being engaged under the various contractors, in putting up new buildings and getting things in shape for the Fair which is to be held this year, August 20 to 24.

The new buildings include an administration building, a poultry house, a dog house, a sheep stable, a swine stable, a lot of new stables for horses and cattle, a suitable entrance and various other improvements, all costing some \$45,000.

The result will be that Lethbridge will have one of the best equipped grounds in the West, and will be in a position to take care of the exhibitor in a satisfactory manner.

The premium list has been issued, large premiums being offered in all lines, and there is a good chance for many a farmer in this district to make an exhibit that will be a credit to the district and will also win for himself some of the good money that is being offered.

Premium lists and other information can be obtained from the manager, J. W. McNicol, Lethbridge.

Warner put it over the Magrath baseball team yesterday to the tune of 12 to 3. It is too bad, Magrath, but it is hard to beat the Homesteaders.

## Miss Oral Dahl Has Narrow Escape

What might have proved a very serious accident occurred on Saturday last, when a horse driven by Miss Oral Dahl, on a single buggy, became frightened and ran away, dragging her with it.

It seemed that one of the shaft bolts was worn, and in breaking, it frightened the animal, which made a plunge, causing the buggy to turn in the opposite direction. Miss Dahl was accompanied by her little brother, and in trying to get him out of danger she lost control of the animal and in some unfortunate way, but not become entangled between the foot brace and dash board. After making several attempts to get her foot out, she fell headlong between the wheels with her feet still caught.

The horse, being a gentle animal, soon picked up and took home, but while the Doctor was making an examination he stood her upon her feet, causing her to fall into deep snow, which lasted for a number of hours.

We are informed that she is improving rapidly, and as there were no bones broken it is expected that she will soon be able to be out again.

Mr. Raymond Knight has made arrangements with Mr. J. L. Peacock, a large rancher of Medicine Hat, to purchase 300 head of horses from him. Mr. Knight, with five or six men, left on Tuesday for the east, and will drive the bunch to their new home. These horses are all well bred Percherons and are Mr. Knight's personal property. He is going very extensively into the horse business and there is no doubt but what he will succeed, as his ability as a horseman is very well known here.

Hon. Price Ellison, Minister of Agriculture of B.C. Who will address the International Dry-Farming Congress.

-The-

## Local News Items

Baseball fans, look at The  
Merc's ad.

Mrs. A. Ericson spent Friday  
last at Lethbridge.

The Knight Sugar Factory is  
still busy granulating cane sugar.

Net and Silk Waists at 50% off  
at The Merc.

Meats, Kinsey Bros. and Knight  
have recently secured a colored  
jockey to train their race horses  
for the remainder of the summer.

On Tuesday night the four-year-  
old son of Jas. Hawkins met with  
the misfortune of getting his finger  
into a cream separator, necessitat-  
ing the amputation of the member.

Mrs. Pansy Gordon and Misses  
Ericson, Lora Redd, Dorothy  
Young and Marjorie McCarty, left  
on Monday morning's train to visit  
the ward conferences of the Tabor  
and Grassy Lake Mutual Improve-  
ment Associations.

Messrs. Don, Roy, and Z. N.  
Skouon were successful in receiv-  
ing twelve medals of the twenty  
offered by the celebration commit-  
tee on Dominion Day. This speaks  
very well for them, considering  
the fact that all the events were  
open to all amateur athletes in the  
province.

See the High Art Millinery ad.  
on this page.

While in conversation with the  
Editor a few days ago, Mr. C. F.  
Tollstrup suggested that the three  
towns of Magrath, Raymond and  
Stirling endeavor to arrange to  
have their exhibits as close togeth-  
er as possible at the Dry-Farming  
Congress this fall, and that as a  
special feature of attraction, the  
three towns unite into one large  
choir, comprising the best talent in  
the Stake, and that an orchestra  
be organized to accompany it. We  
feel that this is an excellent plan  
as we know that the talent is  
here.

A walk through the residential  
portion of Raymond reveals the  
fact that trees and gardens here  
are advanced a degree that has  
seldom been seen at this season  
in previous years. It has been  
said, and perhaps for good reason,  
that Magrath is the only  
town in Southern Alberta that  
can grow apples, but Mr. Wm.  
Blair, Raymond's druggist, stop-  
ped the Herald on the street the  
other day and informed him that  
in the garden of Mrs. Skouon,  
Sr., in whose house Mr. Blair is  
living, there is an apple tree so  
loaded with fruit that it almost  
touches the ground.—Lethbridge  
Herald.

The stub-toe nuisance is still in  
existence, but we hope to see the  
last of it very soon now.

Mr. Geo. T. Wide has recently  
erected a billboard on which he is  
going to advertise his land for sale.

A number of delinquent water  
users have been cut off the service  
recently. Too bad, but the Town  
must have money to keep up ex-  
penses.

Master Fairfax Gordon, who  
was run over a short time ago at  
the Buck ranch, is again around  
and almost over the effects of his  
accident.

The Raymond Orchestra is to  
play at the dance at Cardston  
given by the Rebecas and the  
Oddfellows tonight for the benefit  
of the Regina sufferers.

50% off on all Ladies' Trimmed  
Hats—at The Merc.

Mrs. A. F. McDuffie left on  
Tuesday morning for Eastern Can-  
ada, where she will visit her re-  
latives and friends for a while  
before joining her husband at Van-  
couver.

Ladies' Skirts at half price at  
The Merc.

Mr. A. F. McDuffie left this  
week for Vancouver, B. C. Mr.  
McDuffie has been a very promi-  
nent citizen here for a number of  
years and will be missed very  
much, as he has been a member of  
the Town Council and has been a  
very energetic worker ever since  
he has been here. We wish him  
success in his business endeavors.

## PRIZEWINNING B. C. Fruit Lands

Own a five acre fruit and poultry tract (or more) in British Col-  
umbia and be independent for life! \$10 a month  
pays for it. No interest and payments extended in case of sick-  
ness. From \$500 to \$1,500 per acre realized by ranchers in this  
famous prize-winning district, the Main Kootenay Lake. Ideal  
climatic conditions, no rainy seasons as on the coast; no dry sea-  
sons or irrigation needed as in the Okanagan and Cranbrook dis-  
tricts. See Government reports. The main lake never freezes over  
and boats run the year round—see reports of other districts. I  
spent years in finding this ideal spot! Live there myself. I call my  
own ranch—69 acres—"The Honey-moon Place." Send for my  
booklet entitled "Homeseeeking." It tells you all you want to know  
about that great British Columbia country, and there are scores of  
questions answered.

The new booklet, "Harris' New Method of Apple Culture," tells  
you how apples can be made to come into commercial bearing the  
second year. The old way you had to wait five years. Where a  
farmer made \$1,500 he can now make \$3,000 per acre. It is free if  
you will send me the names of ten of your friends or relatives who  
may be interested in buying fruit lands. I have sold to over 400  
people the last four months and would be pleased to send you cop-  
ies of some of the nice letters that they have written to me, which  
I received from those who have visited their holdings which I picked  
out for them.

I refund you your money if after seeing the tract I select for you  
you are not satisfied with it or the tract I have to offer. If you can-  
not go on to your tract and wish to retain your present position for  
a few years and spend your vacation out there, I will agree to plant  
it and take care of it for you for five years at a small additional  
cost and give you a share of the profits from crops. I allow you a  
discount of ten per cent. for cash and give you a good commission  
in case you can secure buyers for me.

My monthly price list for wild and improved tracts will interest  
the most careful buyer. My next excursion will be leaving Winni-  
peg June 27th, and I will be pleased to have you join me. Send  
for my famous "Kootenay Magazine," a monthly, illustrated  
and full of good things about that wonderful country. \$2.50 per  
year, or 25c for sample copy. A year's subscription for 20 names  
and addresses (written plainly) of people interested in B. C. fruit  
lands.

Write me at once, giving name of a reliable reference, your na-  
tionality, amount you wish to invest and I will forward booklet,  
map, etc. Address me personally at head office:
